SKILLS

- **Languages:** Python, JavaScript, C programming
- **Frameworks:** HTML, CSS
- **Tools/Platforms:** VS Code, Proteus, Arduino IDE
- **Soft Skills:** Problem-Solving skills, team player, project management, adaptability, communication

PROJECTS

Fingerprint Activated Door Lock System:

~Nov 2025

- Developed a fingerprint-based door lock system using **Arduino** and **biometric sensor** for secure access control.
- Programmed the **microcontroller** to store, verify, and authenticate fingerprints in real time.
- Integrated components like **relay**, servo/door lock, buzzer, and display for complete system functionality.
- Designed and tested the circuit to ensure reliable locking/unlocking operation and user safety.

Technologies Used: Arduino IDE, Proteus

AI-Based Attendance System Using Face Recognition

~Ongoing

- Developing an AI-based attendance system using **Python** and face recognition.
- Using **HTML, CSS, and JavaScript** to create the user interface for the system.
- Using **DBMS** concepts to store and manage student details and attendance records.
- Applying **Python programming** to automate face detection, recognition, and attendance marking.

Technologies Us: HTML, CSS, JavaScript, MySQL

CERTIFICATES

- MOOC on Effective time management | [Tech Veda](#) ~Nov 2025
- Programming in C | [Infosys](#) ~Feb 2026
- Introduction to Artificial Intelligence | [Infosys](#) ~March 2026
- Community Development Project organized | [TOI](#) ~June-July 2026

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - CSE(AI & ML) : CGPA: 7.9 ~Since August 2025
- **Majha Public School** Tarn-Taran, Punjab
Higher Secondary education percentage: 77% ~2024 - 2025
- **Majha Public School** Tarn-Taran, Punjab
Secondary education percentage: 88% ~ 2022 - 2023
